CLEAN+ Hand Towels

Dissolve Tech Multi-fold Hand Towels

Code 9010/DI/US
DESCRIPTION

Dissolve Tech hand towels are ideal for airplanes, trains, ships, hotels, restaurants, or any businesses who are clog-sensitive! This hand towel has a high wet strength that ensures the resistance and absorbency of a normal hand towel during hand drying while also reducing the risk of clogs within pipes. After three minutes, the towel's wet strength dissipates making Dissolve Tech technology behave in a similar way to toilet paper.
